## Creative Thinking

### *A Journal for Writing Down Your Creative Thoughts*

Do you want to work your unfulfilling job for the rest of your life? Or, do you want to change the world? Do you ever have an idea and think, "This could make me some money"? Whatever your thoughts are, with this journal, you can write them down and keep track of every great idea you ever have.

Our thoughts are fleeting. And when we have a good one, we need to write it down—fast!

Features include:

College ruled lined paper with pink left margin lines, just like notebook paper used in schools.

An intro page for your name and start date. And a space for volume numbers. So as you fill each book, you can stay organized by numbering each one and create a set of books.

Lines at the top of each page for dates and topics.

Plus, it's portable. At 7 x 10 inches, this journal is small enough to easily fit into a backpack or tote bag.

So, start writing down your creative thoughts now! Prosper and enjoy life!
